Leadership Report Card – Writing

Description: This 1-page report provides summary-level data from Instructional Components and Subclusters aligned with lead4ward TEKS Snapshots for Writing. The Leadership Report Card allows leaders to analyze individual and/or aggregated STAAR and local assessments across three data Checkpoints. It helps identify areas of focus in the curriculum for teacher professional development and/or student intervention.

**Subclusters:**
- Includes bundles of Student Expectations organized by Composition, Revision, and Editing

**Checkpoints:**
- One or more assessments may be selected for each Checkpoint

**Quintile Analysis:**
- Organizes test scores from all selected assessments into Quintiles (5 equal groups) ... by Checkpoint
- Data displayed reflects the Avg. % Correct for all test scores in each Quintile.
