

monday: student meet-ups

Each Monday, we want to connect with all of our students. The goal is two-fold:

- Connect with students
- Provide an overview of the learning plan for the week

Principals/Leadership Teams

- Verify content is loaded to campus website
- Address students without technology access

Teachers

- **Send reminder email about student meet-up times**
 - Note that students who cannot make their group time may join at any time
 - Provide directions for joining by video conference or phone
- **Check in**
 - Practice using the video conference technology
 - Have students take turns sharing what is happening in their worlds
- **Discuss ways to learn in school@home**
 - Setting up your room for learning
 - How to pace assignments
 - How to connect with friends to do the work
- **Review learning plan for the week**
 - Use the google slide deck to go over expectations for the week
 - Share with students where to post any work
 - Practice with a simple task (like posting one word that describes what it's like at your house these days)
- **Explain optional content learning labs**
 - You want help with assignments
 - You would like to connect with your teachers
 - You want to set up time for one-on-one help
 - Consider inviting your friends to join you
